

# UNIVERSAL TRACKER FITTING GUIDE

Fitting time approx. 30mins

## Installation Steps

- 1 Preparation
- 2 Location
- 3 Fitting
- 4 Activation

### Tools required

- Zip Ties
- Cutters
- Wire connection tools

## Step – 1 Preparation

- Please note this tracker is not waterproof
  - Identify the location of where you will fit the tracker
  - The tracker should be located away from areas where it can become damaged.
- 
- It should have no metal obstruction between the box and the sky for best results.
  - It should not be in direct vision of people entering the vehicle.
  - The tracker should not impede the operation of the vehicle and all cables must be out of the way of the driver/operator.

## Wiring Diagram

**Black = Earth**

**Red = Permanent Power**

**White = Ignition On (Engine Running)**

**Blue = Input 1**

**Orange = Input 2**

## Step 2 - Location

- Remove steering column cover
  - Identify permanent power, earth and ignition power on ignition barrel, alternatively the fuse compartment may contain the required inputs.
- Place LMU the correct way up under the dash.
  - Ensure TFO sticker faces down
  - Ensure unit is secured (must not move)
  - Ensure unit is away from source of heat/moisture
- Pack away
  - Replace covers.

## Step 3 - Fitting

- Connect wires

**RED = Permanent power (Must be fitted with Max 5A fuse in line)**

**Black = Earth**

**White = Ignition ON power (Not ACC) (Must be fitted with Max 5A fuse in line)**

**Blue = Input 1. Inputs can be used for Seatbelt or PTO monitoring.**

**Orange = Input 2**

- If no extra monitoring is required leave blue and orange wires free.

**Scan for Install  
Troubleshooting**

## Step 4 – Activation

- Start the asset and let it run for 5 minutes. Green and Orange lights need to be Solid on before activation will be successful.
- Solid Green = GPS Connected
- Solid Orange light Communications connected.
- Turn asset off and scan the QR code with your phone. Allow location services.
- Follow the steps through the activation app.
- You will need details about the asset and the tracker number to complete the activation
- Please call 1300 110 248 If you have any issues with the activation for assistance
